

DIFC DP Law Full Day Workshop

The arrival of the Dubai International Financial Centre (DIFC) Data Protection Law No. 5 of 2020 (DPL2020) on 1st July 2020 heralds a new era in UAE privacy regulation. If your business is registered in the DIFC or you process personal data within the DIFC, the DPL2020 applies to you.

DPL2020 requires a fundamental assessment of the way your business handles personal data from collection through to storage, disclosure and destruction. With enhanced rights for individuals and substantial fines for non-compliance you cannot afford to ignore the new law. Enforcement commences on 1st October 2020 so now is the time to prepare.

This workshop will give you a good working knowledge of the new law and the practical skills required to advise your business on implementing policies and procedures to ensure compliance. It is suitable for data protection officers, lawyers, auditors and compliance professionals.

For only \$499

Available Online & in Classroom
